

# Invitation for Limfjordsstævnet:

## Large as rarely seen:

- Open nordic championship
- 75 year anniversary
- Dreiländerpokal
- World Cup

Aviator Aeromodellers hereby invites current and former model pilots in Denmark and throughout Europe for the Limfjordscompetition 2012.

This year, this tradition-rich tournament takes place Saturday 26 May and Sunday 27 May

The title speaks true:

It is 75 years since the first aeromodel interested young people formed Aviator, which today is the second oldest active model flying club in Denmark. We have organized the LimfjordsCompetition since sometime in the early 60s, but it makes us not dusty!.

Competition rules follow FAI sporting code, and Danish rules for the national classes, **with the latest changes and additions from [www.modelflyvning.dk](http://www.modelflyvning.dk)**

The competition is the largest control line model flying events within a radius of 1000 km, with many participants of high class.

Rally hallmark is that "we're all doing it to have fun," although being fought at a high international level, there is plenty of room for beginners who want to sniff the international atmosphere.

It is as usual free to camp at the tracks in "rough", behind the clubhouse, space is limited and on a "first-come," basis, the conditions are primitive, but the clubhouse offers the basic facilities: WC and hot water.

### **Open Nordic Championship (NM):**

A class is opened with 3 or more participants, regardless of number of participating nations and their nationalities. A non-open class is flown, but without the NM title at stake.

### **Dreiländerpokal:**

Competition among the pilots in F2A and F2D flying at the 3 competitions in 1. Karlskoga, 2 Aalborg and 3. Sebnitz. See more at [www.F2D.DK](http://www.F2D.DK)

The fight are for gold, silver and bronze medals, as well as hiking trophies to the winners.

			World Cup	NM	FAI rules	Danish rules
<b>Classes:</b>	F2A	Speed (2,5 ccm)	X	X	X	
	F2B	Aerobatics	X			X
	F2C	Teamrace		X		X
